MORE SPORTS

## DESIGNED & MANUFACTURED IN THE UK

# The **SPORTS-LITE** Training Kits

## Market leading features

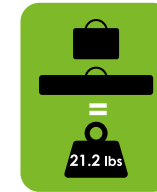

22,000 equivalent lumens

Supplied with waterproof carry bags as standard

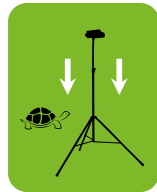

Replaceable lithium battery stored within light head. No trailing cables

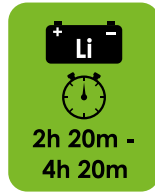

Light weight and compact to store

Unique lensing optimized for all playing surfaces

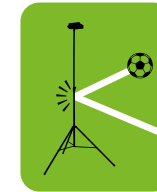

Safe, soft descent anti-trap tripod

Options for 2 hours 20 minutes or 4 hours 20 minutes duration

Silent operation, no mains or generator required

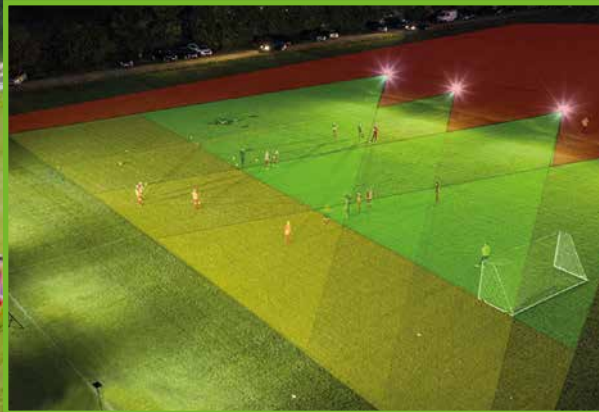

Sturdy and durable. Perfect for any type of training

25 mph wind speed rating

# Features & Benefits

Unique lensing optimized for sports playing surfaces to give low light spill (light pollution) and even light coverage.

Quick & simple setup by one person in under 1 minute per light

Compact to store and transport. Under 22lbs per kit. Easy to fit a full set in a car

Lights can be set up anywhere on any surface for sports training

# Features & Benefits

**Stable to 25mph winds. Optional stability kit allows use in wind up to 35mph**

**Safe, silent operation. No trip hazards. No noise. No maintenance.**

**Lithium rechargeable battery pack with up to 4 hours 20 minutes duration. Fast, easy charging**

**Multiple kit options for all budgets and training requirements**

# Kit Options

The Sports-Lite training kits are available in multiples of 2 lights per set. All kits include light heads, 10ft tripods, removable lithium battery packs with chargers, and weather proof carry bags. Common kit sizes are shown below.

**4 x Sports-Lite  
Training Kits**

**8 x Sports-Lite  
Training Kits**

**10 x Sports-Lite  
Training Kits**

**16 x Sports-Lite  
Training Kits**

# Accessories

We offer a wide range of accessories to enable you to get the most from your Sports-Lite training kit.

## POWER PACK BATTERY (2h 20m)

A rechargeable lithium battery pack with a max 2h 20m duration, complete with in-built battery level indicator

## POWER PACK+ BATTERY (4h 20m)

A rechargeable lithium battery pack with a max 4h 20m duration, complete with in-built battery level indicator

## STANDARD CHARGER

Standard battery charger for charging the Sports-Lite battery packs

## FAST CHARGER

Fast battery charger for charging the Sports-Lite battery packs at a faster rate

## MULTI-WAY BATTERY CHARGERS

4-way, 5-way & 6-way battery chargers for charging multiple Sports-Lite battery packs at once. Available for standard and fast charger formats

## LIGHT HEAD BAG

Store up to 2 Sports-Lite heads, batteries and chargers safely in this padded weatherproof storage bag

## TRIPOD

A light weight 10-foot tripod for use with the Sports-Lite LED light head

## TRIPOD BAG

Store up to 2 Sports-Lite tripods safely in this padded weatherproof storage bag

## STABILITY KIT

Add to the center of the tripod to increase stability in strong wind

## FENCE ADAPTER

A 10-foot height adjustable mast which can be permanently fixed to any fence. Protective padding also available.

# £ Fast payback on initial investment for clubs

The units can be charged in as little as 4.5 hours (charging a standard battery with the high power charger). They can be charged after the training session and be available for any unexpected training evenings you may have.

## Cost to recharge is under 5¢ per Sports-Lite

- Example 8 kit with standard batteries = \$0.40 per recharge – A lot less than running a generator and with maintenance savings too.
- These figures are based upon 17¢ per KWH electricity cost which is a US average domestic rate. A massive saving when compared with expensive floodlit field hire costs!

## Charging Options

The **SPORTS-LITE** training kits are a fantastic energy friendly lighting solution with very little energy required to recharge the Sports-Lite's lithium battery packs.

- Single chargers supplied with units as standard
- Optional high powered chargers for faster charging
- 4, 5 or 6-way multi-bank charger to charge multiple units from one plug socket

BATTERY TYPE	PRODUCT CODE	DURATION	CHARGE TIMES	
			STANDARD CHARGER	FAST CHARGER
Power Pack Battery	LSPL/BATT200	2h 20m	6 hours*	4.5 hours
Power Pack+ Battery	LSPL/BATT370	4h 20m	11.5 hours	8.5 hours*

\* Chargers supplied as standard within kits

# How many lights do I need?

The number of SPORTS-LITE training kits required depends on the sport being played and the level of light required.

## Experience

Our customer support team are highly experienced in recommending the right number of Sports-Lites for every application and sport.

## Testimonials

“A great product which is easy set up and taken down from the back of your vehicle. They allow you to train on certain areas of the field which can allow you to work on specific positions. A great product and I would highly recommend.”

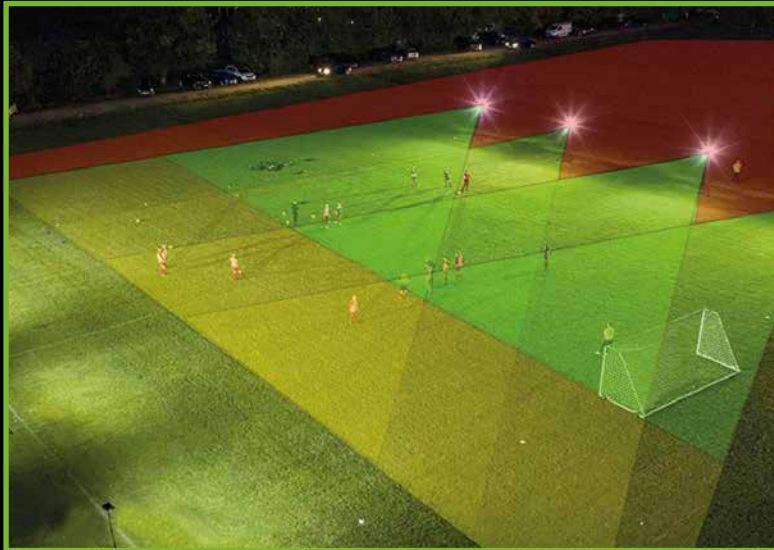

Glenn - One Touch Football

“The lights are just what we needed. 6 lights have given us the light we need to continue to play as the nights start to draw in. They have opened up so many more opportunities to play all year round outdoors. Easy to put up and take down and all packed away within minutes in the handy carry bags.”

Liz at Elmdon Netball Club

# Soccer

8 kit for 200ft x 130ft area or 16 kit for full 11v11 size field

2 kit

Goalkeeper practice
